September 6, 2012

Dear Parent,

Please review the information below. This is our first open enrollment period for Supplemental Education Services for your child.

Because your child receives free or reduced lunch additional tutoring and academic help services are available. These services are provided through Federal Title I NCLB funds.

I have attached an application and encourage you to take advantage of these services that are free of charge to you. Please complete and return the application to me no later than September 20, 2012. At this time transportation services are not available. Once the application is received & approved you will be contacted by a tutoring service to set up tutoring for your child. Hard copies are also available in the main office.

If you have any questions or if there is anything I can do to help you complete the application and support your child's academic progress please contact me at 609 884 3475 x226.

Sincerely

Erik Simonsen
Assistant Principal
