## GENERAL INFORMATION

The purpose of this handbook is to inform freshman students and parents of the customs and regulations of the school and to remind upperclassmen students of their responsibilities, privileges, and opportunities. Good citizenship requires knowledge and acceptance of customs, traditions, and rules which benefit the best interest of the school. Education is exactly what the students make of it. Make Lower Cape May Regional High School an institution of pride to the students and the community. The “Tiger” is the mascot of Lower Cape May Regional High School and the school colors are Columbia Blue and Black accented with Gold. E Tribus Unum, “Out of Three, One!” the school emblem, is divided into three parts: The three stars, taken from our country’s flag, designate New Jersey as the third state in the Union. The three plow shares are taken from the New Jersey State Flag signifying us as part of the Garden State. The sun, land, water and seahorses dignify our local area, and the ship represents the discovery of Cape May by Captain Mey.

Maturity and responsibility are hallmarks of a successful high school student. The administration requests that all DENTAL and DOCTOR appointments be taken care of without telephoning the school to remind students of such an appointment. No student shall be interrupted from their classes. The front office will not accept food deliveries, messages for your child, or any other non-emergency situations. Only messages from home of extreme emergency will be delivered.

Students should not bring large amounts of money or valuables to school. If it becomes necessary to bring money or valuables to school, they should be placed in the office safe. Students should not share lockers or locker combinations. **The school will not be responsible for personal items lost or stolen.**

## VISITORS

The school policy is to accept only those visitors who have legitimate business at the school. Guests and visitors must register in the office and receive a building pass. Parents are always welcome but, please sign in. Visitors are expected to leave promptly when their business is complete.

All visitors must pick up a pass in the main office when entering the building. Some form of ID such as a driver’s license or registration card

must be left in the front office and may be picked up before leaving the building. Students may not bring guests and visitors to school.

**For the safety and security of everyone in the building, please be advised that the school is equipped with a 24-hour video surveillance system.**

## ATTENDANCE RULES AND REGULATIONS

Absence from school can mean that a pupil will fail the prescribed course of study and will not graduate. Absence also violates New Jersey State Law (N.J.S.A. 18A:38-25 and 26). Absence can also result in criminal charges against parents and juvenile delinquency findings against the absent pupil (**TRUANCY**). This Board of Education has a duty to enforce the attendance laws and therefore establishes, as a policy, that in the event of pupil absenteeism exceeding 12 days, there will be no credit issued for the school year. **THIS WILL PROHIBIT SENIORS FROM GRADUATING** and will prohibit other pupils from receiving academic credit. In addition, seniors who are off-credit will not be allowed to park on school grounds.

### I. ABSENTEEISM

A. **ABSENCE VERIFICATION** – School attendance is a basic responsibility of the pupil in the learning process. Individual records must be maintained by the parent and the student. A student returning to school after an absence is required to present a Note of Explanation signed by the Parent or Guardian. **This must be submitted on the day the child returns.** A certificate of admission from the family doctor or school physician is recommended after each absence of three (3) days or more. Following a religious holiday when absence is required, a note is to be presented to the office. In case of tardiness, the child must report to the office with a note of explanation from the parent or guardian. **Notes will not be accepted after the day the student returns to school**

### B. LOSS OF CREDIT

1. **Pupils missing more than 12 school days for a year-long course, or more than 6 school days for a semester course, will not receive credit for said courses.** THIS WILL PROHIBIT SENIORS FROM GRADUATION, AND UNDERCLASSMEN FROM RECEIVING ACADEMIC CREDIT. The absences and loss of credit will be calculated on a daily basis. Please be advised, there is no difference between verified and unverified absences concerning the awarding of academic credit. Any student missing more than twelve (12) days of school must complete credit restoration.
2. Once a student is deemed “NO CREDIT STATUS”, they are ineligible to participate in all extracurricular activities.

**C. INCOMPLETE SCHOOL DAY**

1. **Pupils who arrive between 8:30 - 10:00 a.m. will be counted absent for 1/2 day.**
  2. Pupils who arrive after 10:00 a.m. will be considered absent for the entire day.
  3. Pupils leaving school before 11:45 a.m. will be considered absent for the entire day.
  4. **Pupils leaving school between 11:45 - 1:30pm will be counted absent for 1/2 day.**
  5. Pupils leaving before 2:26 will be marked absent for their missed classes and will lose credit for those classes.
  6. Pupils leaving for a medical appointment and planning to return to school must provide a doctor note upon returning.
  7. When a student is absent from school they will not be allowed to participate in all extracurricular activities.
- D. WARNING NOTICE** – A letter will be sent to the parent/guardian of those students who have accumulated 4, 8, and 12 absences. Those students who have accumulated more than 12 absences will be sent a letter indicating that the student is on “no credit” status and will be given directions on how to initiate the attendance appeals process.
- E. FAMILY VACATIONS** – Parents should put a priority on students attending school. The administration of LCMR does NOT condone taking vacation when school is in session. **VACATIONS ARE NOT RECOGNIZED AS VERIFIED ABSENCES.**
- F. COLLEGE VISITATIONS** – Visiting colleges while our school is in session is discouraged. If the situation dictates that school must be missed, the student must provide validation in advance to the main office.
- G. RELIGIOUS HOLIDAY’S-** If pupil is missing school due to the observance of a religious holiday, ADVANCED NOTIFICATION must be provided to the main office.
- H. CONSECUTIVE ABSENCES** – Any pupil who misses ten (10) consecutive school days, and does not appear on suspension, home instruction, and/or is not medically verified as incapacitated will be dropped from the rolls or issued a five (5) day notice depending on the student’s age (N.J.S.A. 18:38-29).

## II. APPEALS

The Board is aware of possible unforeseen factors which may create hardships relating to a student's ability to attend school.

**A. Attendance Appeals:** In keeping with the dictates of fairness and procedural due process, attendance appeals may be scheduled to give parents/guardians the opportunity to petition "no credit" status.

### **B. Appeals Process:**

1. All appeals will be made to the student's Assistant Principal.
2. Appointments for attendance appeals conferences can be scheduled by calling the Assistant Principals' offices.
3. The attendance appeals conference will provide a forum to review documentation and allow parents/guardians to voice their viewpoints regarding the pupil's absences.
4. The Assistant Principal will render one of the four following conclusions:
  - a. reinstate pupil to "credit" status
  - b. retain pupil on "no credit" status
  - c. retain pupil on "no credit" status pending further review at a later date based on extenuating circumstances
  - d. offer credit restoration to "make up" days above the 12 day limit.
5. Decisions by the Assistant Principal may be appealed to the Principal.

## III. OTHER PROCEDURES

- A. The number of absences allowed for pupils entering school after November 1<sup>st</sup> will be prorated.
- B. "Out-of-School" Suspensions will count as verified days absent from school.

#### IV. CREDIT RESTORATION

Pupils that show extenuating circumstances to be absent in excess of 12 days and not above 21 absences may be offered credit restoration.

1. It will take one day in credit restoration for 4 hours to make up each day above 12 days. The program will be tentatively held during the final month of school.
2. Unverified absences from credit restoration will result in forfeiture of the right of participation and result in student "NO CREDIT" status.
3. **Seniors who have credit restoration responsibilities will NOT be able to participate in graduation ceremonies.**
4. **Students will not be permitted to make up absences that are a result of cutting their 3-7, Alternative School Placement.**
5. **Students absent beyond 21 days for any reason will not be eligible to participate in credit restoration and will be required to repeat all courses for that year.**
6. **Students who do not fulfill assigned credit restoration responsibilities for that year will be required to repeat all courses for that year. Students on no credit status will not be promoted to the next grade.**

#### CREDIT RESTORATION CHART SUMMARY

<u>Days Absent</u>	<u>Result</u>
0 to 12	Allowable days absent
13 to 21 Unverified	Loss of credit
13 to 21 verified	Credit restoration required for each day over 12 (9 max).
22 or more	No Credit Status. Contact Assistant Principal for conference.

## MAKE-UP WORK

Pupils are provided an opportunity to complete assignments missed because of their absence.

- A. The time allowed to make up work missed is equal to the amount of time absent. An arrangement to make up work missed while absent is the responsibility of the pupil.
- B. Pupils choosing to cut classes, or otherwise found to be truant, **may not make up work missed during these infractions.**
- C. Pupils may make up assignments for time missed because of actions initiated by the authorities of the school, for example a suspension.

## TARDINESS

When pupils enter after 7:45 a.m. they must report to the main office in order to obtain a pass to enter class. Unless a bus is late, transported students should rarely have any reason to be late. Tardiness is included in the attendance policy. Students who sign in after 7:45 will serve a detention for the third occurrence.

- Detention will be assigned for each subsequent tardy in multiples of three (6...9...12...15).
- 9 lates will result in a two-week suspension of parking privileges.
- **After 15 lates a student will be assigned a detention for every late afterwards.**
- 18 lates will result in a one-month suspension of parking privileges for those who participate in the LCMR Parking Program.
- 24 lates will result in loss of parking privileges for one year.

## TO BE EXCUSED EARLY

**STUDENTS MAY NOT LEAVE THE BUILDING WITHOUT PROPER AUTHORIZATION.** All pupils wishing to leave the school building before the day's end must bring a written request from a parent or guardian stating the TIME and REASON for leaving and include the phone number of the signer to verify the note. These notes will be verified between 8:15 and 9:00 a.m. The requests presented to the Assistant Principal's office must be written by his/her parent or guardian.

**The parent, guardian, or person appearing on the emergency contact list must come to the office and pick up the student.** Parents, guardians, or those individuals appearing on the emergency contact list will be asked to present a valid identification before their student is permitted to leave. Without written consent from parent/guardian and verbal confirmation, the student will NOT be permitted to leave school. **AS STATED BY LAW, THIS PERSON MUST COME INTO THE OFFICE TO SIGN OUT A STUDENT.** Parents may sign out their student in the custody of another designee at any point of the day with permission from the assistant principal. The student must sign back in to the office if he or she returns to school the same day.

Please note, request to sign out from school early will be granted with appropriate documentation for confirmed medical/dental appointments, driver's exams only (not driving lessons), court appearances, or family emergencies approved by administration. **No sign-outs are permitted after 2:10 PM.**

**STUDENTS WHO LEAVE SCHOOL WITHOUT PROPER AUTHORIZATION WILL BE DISCIPLINED.**

## **EIGHTEEN YEAR OLD STUDENTS**

## SPORTSMANSHIP / SCHOOL EVENTS

All school rules and regulations apply to school sponsored events (dances, athletics, school plays, concerts, class-sponsored events, etc.). Any student found to violate any school standard while in attendance at a school-sponsored event will be subject to disciplinary action which may include being excluded from future events.

The need for good sportsmanship is important at all times. Students must remember that they are representing their school at both co-curricular and extra-curricular activities.

**Lower Cape May Regional expects good behavior from its students, which includes:**

1. Acceptable school dress at all school-sponsored events.
2. Noisemakers, streamers, banners and the like are prohibited at indoor events.

3. Booing, derogatory cheers/remarks are not acceptable at any event; more enthusiasm can be generated by following the cheerleader's direction.

9. The insurance policy purchased by the LCMR Board of Education for students and athletes is a secondary insurance policy.

## **SCHOOL NURSE**

A school nurse is available in the Health Office for school related injury or illness during school hours. A student whose illness necessitates his/her leaving school **MUST**

have that fact recorded in the Health Office and sign out in the main office for attendance purposes.

**MEDICATIONS:** Students are not permitted to take ANY medication in school except under the nurse's supervision. Any student required to take medication in school must have IN WRITING, ON FILE in the nurse's office, the reason for the medication, type and dosage, and the medication must be in the original prescription bottle. This also includes over-the-counter medications.

For any self-administered medications such as inhalers for asthma or other life-threatening illness, the parent must present written authorization for the medication. The child's physician must certify IN WRITING that the child has the illness and is capable of self-medication. The parent must renew this policy annually.

**DOCTOR'S NOTES:** Any student who has seen a doctor and was out of school due to illness must present a copy of the doctor's note to the Attendance Officer. A copy of the note may be provided to the Health Office as needed for medical purposes and/or Guidance Counselor.

**NURSE OFFICE CONDUCT:** Please be mindful that the nurse's office is a place for student patients. Follow the office's policies and procedures. Any violation of such will result in disciplinary consequences.

## **SCHOOL INSURANCE COVERAGE**

Dear Parents/Guardians:

The Lower Cape May Regional Board of Education desires to protect parents from financial burdens which can result from accidents while participating in school district sponsored and supervised activities including football, interscholastic sports, intramural sports, gym,

cheerleading, and other school activities. To do this, the District provides accident insurance for all students through BMI Benefits, LLC.

This insurance is EXCESS COVERAGE. The policy will pay those expenses not covered (including deductibles) by any other medical insurance you may have. Thus, you must submit all bills to your insurance first. The school policy will pick up the unpaid balances, up to the limits and conditions of the policy. In the event you do not have hospitalization or accident coverage, the student accident insurance will apply.

Although this coverage is very broad, there are restrictions, limitations, and exclusions in this policy. In many situations, medical bills may not be covered in full. Parents should understand that medical expenses are their own responsibility, not that of the Board of Education. Some of the important benefits and limitations of the plan are:

1. The maximum benefit payable is \$25,000 per covered person; aggregate limit per accident is \$500,000.
2. Benefits are limited to treatment rendered within three (3) years from the date of the accident.
3. Benefits are based on usual, customary, and reasonable charges for services.

All injuries should be immediately reported to the coach, athletic trainer, or the school nurse. Claim forms will be provided by the school, but it is the parents' responsibility to:

1. Submit the claim form with Part IB filled out completely (any omissions will delay the processing of the claim).
2. Please contact all medical providers where treatment was received and instruct them that you have secondary insurance. If you give the medical/dental provider a copy of the BMI Accident Claim Form and Provider Letter, they should bill BMI directly after they bill your primary insurance.
4. If you have no other medical insurance, you will need to fill out the "Statement of No Other Insurance form". Return this to BMI Benefits immediately and the claim will be paid as per the policy terms and conditions. Failure to return this will result in a delay or denial of the claim.

It is your responsibility, and to your benefit, to submit the necessary papers as soon as possible as the claim cannot be paid until all papers are submitted. **ONLY ONE CLAIM FORM PER ACCIDENT IS REQUIRED.** Also, a copy of this policy should accompany each claim form.

## **EMERGENCY CLOSING**

In the event the school must close due to bad weather or other emergencies, please refer to the following media outlets; NJ1015.com (njstormwatch.com), KYW1060.com (CBSphilly), NBC10, Channel 6 Action News, KYW News Radio 1060, [www.lcmrschooldistrict.com](http://www.lcmrschooldistrict.com), Delayed openings will also be announced. The school also utilizes the All-Call System to alert families of school closing. Parents are urged to update all phone numbers with the school.

## **MEDIA CENTER & MEDIA SPECIALIST**

The library with its facilities, material, and staff is an integral part of the educational program of the school. Helping students to acquire skills in obtaining information, organizing, and communicating through a variety of media is a major focus of the library.

The materials in the library have been acquired to supplement classroom instruction, encourage individual interests and concerns, and to provide for recreational reading.

## **MEDIA CENTER PASS PROCEDURES**

1. All students must have an approved E-Pass in order enter the media center.
2. Students must sign in on the computer in the media center.
3. Students will remain in the library for the entire period unless the classroom teacher requests on the pass that they return during the period.

**All students should come to the library with a definite classroom assignment or individual project that requires research. The librarian has the authority to send back any student who does not use his/her time constructively.**

## **MEDIA CENTER CIRCULATION POLICIES**

1. Materials may be borrowed for three weeks and renewed if no one has requested the same title.
2. Lost books must be paid for before final grades are released.
3. Damage of the materials and unauthorized removal will be dealt with as stated in the Discipline Policy.

## **INTERNET USE POLICY**

The Lower Cape May Regional Board of Education believes that the Internet offers vast, diverse, and unique resources to both students and teachers. Our goal in providing this service to teachers and students is to promote educational excellence in schools by facilitating resource sharing, innovation and communication. It should also be noted that the internet system is the property of the Lower Cape May Regional School District, and as such, system users will be subject to routine monitoring of files and correspondence.

An individual search will be conducted if there is reasonable suspicion that a user has violated the law and/or the Acceptable Use Policy. If any violation of the established regulations occurs, access privileges may be revoked, school disciplinary action (in accordance with district discipline code) and/or appropriate legal action may be taken. A fine and discipline infraction will be assessed for misuse of computers or other technological equipment located in the school building.

## **BOOKS**

Students should keep in mind that textbooks are furnished by the school for the length of time that they are in class in which the book is used. It is important to take good care of books. They should not be stuffed with papers, or have the book pages written on, nor be left carelessly about the building. Remuneration must be made for lost, damaged or stolen books. As soon as a book is received, it should be covered with a suitable material. A student's name and section should be written in front of the book on the inside front cover in the space provided.

## DISCIPLINE CODE

The Lower Cape May Regional Board of Education acknowledges that student conduct is closely related to the learning process – an effective instructional program requires an orderly school environment. The Board of Education requires each student to adhere to the rules and regulations promulgated by the administration, and to comply with such disciplinary measures as assigned for infractions of these rules. These rules will be implemented in a fair, consistent manner.

**In addition, administration reserves the right to disallow students to participate in graduation ceremonies, attend the prom, and attend the senior trip, or participate in other extracurricular activities as consequences to discipline code infractions.**

A parental conference may be required when a student returns to school from suspension. Students that are assigned out of school suspensions are not allowed on school property or to attend/participate in extracurricular events.

**NOTE: Referral to the office for inappropriate conduct may result in suspension. Penalty for any infraction not listed below is subject to the judgment of the Assistant Principal and/or the Principal.**

Failure to report to detentions and other assignments may result in suspension. If a student is absent on the day of a detention that detention will be served on the next day detentions are held.

Students assigned to the 3 to 7 after school program will not be permitted on school grounds, other than from 3 to 7pm, nor will they be allowed to participate in any school-related activities.

The teachers, guidance department, School Resource Officer and administration are available to assist students so that misconduct and/or conflict may be avoided.

### **STUDENT DISCIPLINE CODE POINTS SYSTEM AND THE JEOPARDY PROGRAM**

In addition to our standard Student Conduct Code, a point system will be used to identify students who are continually disruptive to the educational process of the school. The point system is also intended to improve student behavior through increased student accountability.

A point value is assigned to each infraction.

- When a student attains 70 points – Placement on the Jeopardy Program. In addition, students will lose their parking privileges.
- When a student attains 100 points – Student will lose all privileges to participate in school activities and extra-curriculars, including, but not limited to: sports, field trips, assemblies, clubs, dances, homecoming, prom and any other school activities.

A student who has accrued 100 discipline points can remove Jeopardy points by going for an extended period while attending school: [1 month with no infractions reduces and good attendance, reduces down to 70pts]; this is the lowest amount of points a student can reduce down to.

This policy will not preclude an administrator from suspending a student for severe and/or continuous infractions.

The Assistant Principal will have the authority to assign different point values and disciplinary consequences based upon the situation or severity of the incident.

#### **JEOPARDY PROGRAM:**

**PURPOSE:** Discipline consequences are designed to modify student behavior. When a student does not cease disruptive or defiant behavior he/she puts him or herself in jeopardy of forfeiting their right to an education. Moreover, continual disruption and defiant behavior constitutes an interference with the instruction of other students. Thus, the disciplinary consequences increase progressively with the chronic offenders.

#### **HABITUAL OFFENDERS OF THE JEOPARDY POLICY**

Students who reach 100 points or more for a second time will be placed in the Jeopardy Program for the remainder of the school year. There will not be a possibility for point reduction after entering the program a second time.

#### **HABITUAL OFFENDERS OF DISCIPLINE CODE**

Students who are habitual discipline offenders or commit a serious offense may be placed in an alternate educational setting.

## **STUDENT DISORDERS AND DISTURBANCES**

The Lower Cape May Regional Board of Education hereby affirms its belief in and support of those individual human rights which have been established by the Constitution of the State of New Jersey, and Federal as well as State statutes. The Board further recognizes and accepts the prerogative of individuals to exercise these rights in a peaceful manner to support views or positions which are not contrary to either the Federal or State Constitution, existing statutes or policies, rules, and regulations of the local Board of Education.

The Board further expresses, however, the disapproval of those who would forcibly impose their views on others or who would in other ways violate the individual dignity or rights of other persons. Above all, the Board of Education of the Lower Cape May Regional School District abhors and therefore cannot condone mass hysteria or violence in pursuing any cause or proposition regardless of its merits or the parties of interest.

To this end the Superintendent, with his/her staff, is directed to take such full and appropriate action as shall be necessary to quell disturbances including the lodging of formal complaints and administering appropriate discipline against those persons identified as parties to the disorder or disturbance and other such legal redress as may be warranted.

## **SCHOOL AND THE LAW**

Any unlawful act taking place on school grounds or in school buses not only makes the student subject to penalties which the courts may prescribe but also may result in suspension or dismissal from school. Anyone found possessing, selling, or buying drugs/alcohol on school grounds is subject to Board of Education Policy on Drugs & Alcohol.

Every person 18 years of age shall be deemed to be an adult and shall have the same legal capacity to act as a person 21 years of age. (Chapter 8, Laws of 1972, effective January 1, 1973). Pupils in the public school comply with the rules established in pursuance of law, for the government of such schools, pursue the prescribed course of study and submit to the authority of teachers and others in authority over them. (Title 18A:37).

## **PUPIL / PARENT ADVOCATES**

When a third party to a parent and/or pupil seeks to represent or otherwise advocate for a student, it shall be necessary for that party to apply with written notice. This notice should include an explanation of how he or she has knowledge or training with respect to the pupil and their education needs so as to facilitate the claims or defenses of the child. The applicant shall describe his or her relevant education, work experience or other qualifications related to the child's condition. At no time does the administration or any other staff member or party to the school district abrogate their responsibility to keep pupil records confidential. Access shall be granted only to authorize organizations, agencies or persons in accordance with the specifications and conditions prescribed by regulations and the laws of the state of New Jersey.

## **MONTHLY FIRE/SECURITY DRILLS**

A fire evacuation plan is posted in each room. When the fire alarm sounds, students should pick up personal belongings; leave the room through the proper exit quietly and quickly. The teacher may ask students to help close windows. The first student to reach the outside door should hold the door open. Students must stay with their classes. No one is to return to the building until the signal is given. Tampering with fire alarms and fire extinguishers is an illegal act and will be treated accordingly, including police charges and the appropriate administrative disciplinary penalty.

## **GRADUATION PROTOCOL**

Any appeals to decisions about graduation attire will be referred to the Special Projects Committee of the Board of Education. Appeals must be in writing and submitted by the officers of the Junior class no later than December 1<sup>st</sup> of their Junior year.

## **LUNCH PROGRAM**

Lower Cape May Regional School District participates in the National Child Nutrition Program. Students are offered a Hot Lunch, Soup and Salad Lunch, Soup and Sandwich Lunch, and a Grab & Go Lunch daily. A la carte entrees and other items are also sold. Family applications for the lunch program are sent to each household. You may apply or reuse their 5 digit identification number daily on a keypad. Upon entering their number, the cashier—and only the cashier—will know what determination that student is. Remember to include student ID number when making prepayments to ensure proper crediting of accounts. Checks are accepted. Student lunches are \$3.85. Staff lunches are \$5.00. Prepayments are encouraged.

## **LOCKER, CORRIDOR TRAFFIC, SEARCH & SEIZURE**

Students should not share lockers or locker combinations. The school will not be responsible for personal items lost or stolen. Keep to the right whenever moving through the halls; running in the halls, pushing, shouting, and general “horse play” are not permitted. Students are permitted to go to their lockers during the passing of classes. It is recommended in the event a student finds it necessary to go to his/her locker that he/she do so promptly. If a student is late to class he/she will be subject to discipline by the teacher involved and repeat offenders will be subject to administrative detention. Lockers are furnished by the school as a storage place for students’ books, clothing, etc. Each student will have a locker equipped with a confidential combination lock. LOCKERS ARE TO BE KEPT CLEAN AND MAY BE INSPECTED BY THE ADMINISTRATION. Any locker malfunctions should be reported to the first period teacher. Do not place any other lock on a locker, as it will be

removed by school authorities. VALUABLES BROUGHT TO SCHOOL ARE DONE SO AT THE STUDENT'S OWN RISK.

**School lockers remain the property of the district even when used by pupils. Lockers are subject to administrative search in the interest of school safety, sanitation, and discipline. Lockers are also subject to periodic inspection by the administration, PL. 1985, Chapter 198 18A: 36-19.2.**

A pupil's personal possessions may be searched by a school official provided that the official has reasonable grounds to suspect that the search will turn up evidence that the pupil has violated or is violating either the law or the rules of the school. The extent or scope of the search shall be reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the pupil and the nature of the infraction. A physical search of a student may only be conducted by a staff member of the same sex as the pupil. In order to ensure a safe and drug free environment LCMR school district and the Cape May County Sheriff's department canine unit reserve the right to search all areas in the LCMR school district.

## TRANSPORTATION

Lower Cape May Regional School District provides transportation for 100% of its students. Therefore, all other methods of arrival and departure from school such as walking or riding bicycles are discouraged. This is due to the hazardous conditions on Route 9 and other secondary roads.

## BUS SAFETY CODE

1. All school rules are in effect on school busses.
2. No students may ride a bus other than his or her own or get on or off at other than his/her own assigned bus stop without the permission of the school administration obtained in writing. This will be done only in the case of an emergency.
3. **THE BUS DRIVER MUST AT ALL TIMES BE PROMPTLY OBEYED. STUDENTS WHO VIOLATE THESE OR OTHER COMMON SENSE RULES MAY BE DENIED THE USE OF THE SCHOOL TRANSPORTATION FACILITIES.** In the event that a student's conduct on the bus results in his or her

suspension from riding the bus, it is the parent's responsibility to provide the necessary transportation to and from the school during the suspension period.

## **BUS POLICY**

While the law requires the school district to furnish transportation, it does not relieve parents of students from the responsibility of supervision.

Once a student boards the bus, and only at that time, does he or she become the responsibility of the school district. Such responsibility shall end when the student is delivered to the regular bus stop at the close of the school day.

In view of the fact that a bus is an extension of the classroom, the Board of Education shall require students to conduct themselves in a manner consistent with established standards for classroom behavior. In cases when a student does not conduct him/herself properly on a bus, the discipline code will be invoked by the Assistant Principal and/or Principal. It is necessary for a report to be filled out by a bus driver. Students who become serious disciplinary problems on the school bus may have their riding privileges suspended by the Assistant Principal or Principal. In such cases, the parents of the student involved become responsible for seeing that their child gets to and from school safely. In the case of establishing the culpability of student(s) for vandalism of the bus or its equipment, the parent(s) shall be held responsible for paying damage incurred.

## **BUS BEHAVIOR**

Riding on a school bus is a privilege. Violation of the rules may result in the loss of bus privileges. Students should take their seat and remain there until it is time to leave the bus. Students must sit on the seat facing the front of the bus. Sitting on books or other objects is not permitted. Any equipment brought on the bus must be put where the driver directs as the student boards the bus. Defacing or otherwise damaging the bus is not permitted. No litter is to be left aboard the bus. Talking must be in conversational tones with no vulgar language or gesture either to the driver, passengers, or passersby. Unnecessary conversation with the driver when the bus is in motion, is prohibited. Bus drivers have the right to assign seats and only they can grant permission to open windows. Students must not extend hands, arms, or heads through the bus

windows. Throwing anything within the bus or out of the windows is not allowed. Animals may not be brought aboard the school bus without permission from the Principal and the Transportation Supervisor. Students are under the authority of the driver of the school bus while being transported to and from school. Any serious infractions of the rules must be reported by the driver to the Assistant Principal. The life of the student and all others on the bus is at stake and no conduct can be tolerated that might jeopardize the safe travel to and from school. All proper legal steps will be taken to see that the established regulations are enforced.

## SCHOOL PARKING REGULATIONS

Given the limited availability of parking spaces on school property, the following criteria determine student eligibility to obtain a parking permit.

1. 12<sup>th</sup> grade students in their final year of high school are eligible to apply, followed by 11<sup>th</sup> grade students if space is available and with permission from the Assistant Principal.
2. Student and Guardian must attend “Share the Keys” Presentation
3. Students must be on credit status for the previous three years of high school.
4. Students who are placed on the Jeopardy Program will lose their parking privileges.
5. Students must have a valid New Jersey driver’s license.
6. Students must present proper registration and insurance documentation.

Once students are determined to have met all of the criteria, they must complete an application for a parking permit and submit it to the proper school authority.

## ADDITIONAL PARKING REGULATIONS

1. All automobiles and mopeds parked on the school grounds must be registered with the school’s police liaison and must display the current decal. **Students are not permitted to park their vehicles in the front row of the parking lot closest to the main entrance of the school.**

**ANY STUDENT THAT ATTEMPTS TO PARK ON  
SCHOOL GROUNDS WITHOUT  
AUTHORIZATION WILL FORFEIT THE RIGHT  
TO PARK FOR THIRTY DAYS**

2. Parking is with a valid permit in assigned spaces only.
3. Parking is strictly limited to the student parking area.
4. All students must be licensed and covered by insurance. The school is not responsible for the automobile or its contents.
5. There will be no loitering or visiting in the parking lot.
6. Students must obey posted speed limits and drive 5 miles per hour within the parking lot. Students found to be driving recklessly on school grounds will lose their parking privileges for one month on the first offense and for the remainder of the school year on the second offense.
7. Student vehicles may be subject to search if there are reasonable grounds to believe that drugs, alcohol, stolen property, or other contraband might be present in that vehicle.
8. Parking regulations are strictly enforced. It is considered a privilege to park on school grounds. Suspension of driving privileges, towing of vehicles and/or administrative penalties may occur when violations of these regulations occur.
9. Students with permission to drive to school but leave school without proper authorization will lose their parking privilege. Students with permission to drive to school and have properly signed out, but take students home who do not have permission to leave school will lose their parking privileges.
10. Excessive tardiness: 9 lates = 2 week suspension of parking privileges, 18 lates = 1 month suspension of parking privileges, 24 lates = 1 year suspension of parking privileges.
11. Cars not displaying the proper identification will be ticketed.
12. Students who are suspended from school for substance abuse will lose their parking privileges for the remainder of the school year.

## **SUBSTANCE ABUSE POLICY AND PROCEDURES**

The Board of Education recognizes that for the safety, well-being, health and welfare of its students, a policy must be adopted committing the school district to establishing a procedure to aid the students in seeking help to correct possible substance dependency and/or abuse problems.

The misuse of alcohol and other drugs of abuse by one student may endanger the safety and well-being of all other students and faculty. Also, the misuse of drugs and alcohol and other drugs of abuse can create an impediment to learning, in which case, the school system has a responsibility to provide channels for help and assistance to students whose health may be in jeopardy. The School District has a clear responsibility to provide an atmosphere which will promote a quality learning environment, which can be undermined by misuse of alcohol and/or drugs of abuse.

Further, the Board of Education recognizes that an effective educational approach, promoting accurate information and positive decision making skills, is the first step in preventing a student from becoming harmfully involved with alcohol and other drugs of abuse; and that such efforts should be provided in the home as well as in the school.

The Board will cooperate and consult with the local, county, state and federal and/or private agencies approved by the Department of Health in the development and implementation of this policy and procedures, and in the annual review of their effectiveness.

The Superintendent shall take such steps as may be necessary to notify, on an annual basis, all students and their parents, the community, and appropriate law enforcement agencies of this Board Policy, and to make it available for review.

For the purpose of this policy the following definitions are applicable:

“Evaluation” means those procedures used to determine a pupil’s need for an educational program or treatment which extends beyond the regular school program by virtue of the use of alcohol or other drugs of abuse by the pupil or the pupil’s family.

“Treatment” means those programs and services offered to help a pupil because of the use of alcohol or other drugs by the pupil or the pupil’s family. “Alcohol or other drugs of abuse” means:

1. Alcoholic beverages;
2. Any controlled dangerous substance, as identified in N.J.S.A. 24:21-2; and/or
3. Any chemical or chemical compound which releases vapor or fumes causing a condition of intoxication, inebriation, excitement,

stupefaction, or dulling of the brain “Substance abuse” shall mean the consumption or use of any substance as defined herein for purposes other than for the treatment of sickness or injury as prescribed or administered by a person duly authorized by law to treat sick and injured human beings. A comprehensive program of drug education, in every grade, 7-12, shall be implemented to instruct students and staff in the

nature of drugs, their effect on the human system and the social implications of drug abuse. No less than 10 clock hours — per students, per year — of drug abuse prevention shall be provided in grades 7-12 to include alcohol and other drug education including tobacco and anabolic steroids in accordance with Department of Education Chemical Guidelines pursuant to N.J.S.A. 18A:40A-1. An ongoing in-service drug/alcohol education program shall be established and maintained for all certificated personnel in cooperation with the school nurse, appropriate child study team members and approved agencies. At least one session at the start of each school year will be devoted to this end. All school personnel shall be instructed in the characteristics of children of alcoholics, identification of users and the impact of drug use in the classroom and society. All personnel shall be alert to signs of “disaffectedness” in students and shall ensure open communication with all students.

**Therefore, the Board of Education endorses this philosophy of prevention and intervention and adopts the following procedure:**

### Under the Influence

**Reporting, notification, and examination of students suspected of being under the influence of alcohol or other drugs of abuse.**

Whenever it shall appear to any professional staff member that a pupil may be under the influence of alcohol or other drugs, they shall report the matter to the Building Principal or

his/her designee. In the case of class trips, athletic events or other away activities, the person in charge is considered the designee to be notified.

The Principal or his/her designee shall immediately notify the parent or guardian and the chief school administrator and arrange for an immediate examination of the pupil, **which must take place within four (4) hours of the incident**. The examination may be performed by a physician selected by the parent or guardian or by the medical inspector. If the chosen physician is not immediately available, the examination shall be conducted by the medical inspector, or if the medical inspector is not available, the pupil shall be accompanied by a member of the school staff designated by the Principal, to the Emergency Room of the nearest hospital and/or laboratory for examination. The School Nurse and/or Principal's designee shall accompany the student examiners. The examination should include urine screening in order to determine substance abuse. If the examination is performed by the school medical examiner, the urine analysis will be collected by the school nurse.

If, at the request of the parent or legal guardian, the medical examination is conducted by a physician other than the medical inspector, **such examination shall not be at the expense of the District Board of Education.**

A written report of said examination shall be furnished within 24 hours by the examining physician to the parent or guardian of the pupil and to the Superintendent of Schools or Building Principal. If the written report of the medial examination is not submitted to the parent or guardian, Principal and Chief School Administrator within 24 hours, the pupil shall be allowed to return to school until such time as a positive diagnosis of alcohol or other drug use is received (with approval of the examining physician).

If there is a positive diagnosis from the medical examination indicating that the student is under the influence of drugs, the pupil shall be returned to the care of a parent or guardian as soon as possible. Local law enforcement agencies may be notified. Attendance at school shall not resume until a written report has been submitted to the parent or guardian of the pupil, the Principal and Chief School Administrator from a physician who has examined the pupil to diagnose alcohol or other drug use. The report shall certify that substance abuse no longer interferes with the pupil's physical and mental ability to perform in school. In all instances a parent/student/administrator conference is required before re-admittance.

**If the parents are unwilling to seek appropriate help, or if the student refuses help, the school shall take the appropriate action**

**based upon the advice of the Board attorney and district medical inspector. This may include suspension or expulsion. Refusal or failure by a parent or guardian to comply with provisions of N.J.S.A. 18A:40A-12 shall be deemed a violation of the compulsory education (N.J.S.A. 18A:38-25 and 18A:38-31) and or child neglect laws (N.J.S.A. 9:6-1).**

## **ANABOLIC STEROIDS**

Whenever any teaching staff member, school nurse or other educational personnel of any public school shall have reason to believe that a pupil has used or may be using anabolic steroids, that teaching staff member, school nurse or other educational personnel shall report the matter as soon as possible to the school nurse or medical inspector, as the case may be, or to the Principal or, in his/her absence, to his/her designee.

The Principal or his/her designee, shall immediately notify the parent or guardian and the Superintendent of Schools, if there be one, or the Building Principal, and shall arrange for an examination of the pupil by a doctor selected by the parent or guardian or by the medical inspector. The pupil shall be examined as soon as possible for the purpose of diagnosing whether or not the pupil has been using anabolic steroids.

A written report of that examination shall be furnished by the examining physician to the parent or guardian of the pupil and to the Superintendent of Schools or Building Principal.

If it is determined that the pupil has been using anabolic steroids, the pupil shall be interviewed by a school nurse or medical inspector, or another appropriately certified person for the purpose of determining the extent of the pupil's involvement with these substances and possible need for treatment. In order to make this determination, the coordinator or other teaching staff member may conduct a reasonable investigation with may include interviews with the pupil's teachers and parents. The coordinator or other teaching staff member may also consult with such experts in the field of substance abuse as may be necessary and appropriate.

If it is determined that the pupil's involvement with and use of these substances represents a danger to the pupil's health and well-being, the coordinator or other certified person shall refer the pupil to an appropriate treatment program which has been approved by the Commissioner of Health.

These consequences may be varied by the Principal or Superintendent depending upon the particular circumstances involved and the above consequences shall be generally served as the minimum consequences for an infraction.

While the pupil is at home because of the suspension / positive diagnosis the pupil will be evaluated by an individual appropriately certified by the New Jersey State Board of Examiners and trained in alcohol and other drugs of abuse prevention.

The District Core Team shall evaluate the needs of the student and make recommendations and referrals for appropriate services. In order to make this determination, the coordinator or other staff member of the Core Team may conduct a reasonable investigation which may include interviews with the pupil's teachers and parents. The coordinator or other staff member may also consult with such experts in the field of substance abuse as may be necessary and appropriate in order to secure assistance to students and the family.

Any staff member who reports a pupil to the Principal or his/her designee in compliance with the provisions of this subsection shall not be liable in civil damages as a result of making such a report as specified in N.J.S.A. 18A:40A-13 and N.J.S.A. 18A:40A-14. The determination to have a medical examination by a professional staff member, when it appears that a student is involved with drugs, need not depend on a finding that the pupil is under the influence of a drug or possesses or distributes a drug on school premises.

If in the enforcement of these procedures controlled dangerous substances are found, the memorandum of agreement with local police department re: "Drug Free School Zones" is immediately implemented.

These policies and procedures must comply with the confidentiality requirements established in 42CFR Part II.

Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a pupil's ability to learn and a school's ability to educate its pupils in a safe and disciplined environment. Since pupils learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating

others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

4. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a pupil or damaging the pupil’s property, or placing a pupil in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or
