Parlons! Who wears what and where? Begin by thinking of five occupations in French from Unit 8.

Step 1: As you say the name of each occupation, your partner will say one item of work clothing typically worn by that person. You keep track of how many of your partner's answers are correct.

Modèle: You: *charpentier*
Your partner: *chaussures*

(This is a correct response, so your partner earns one point. If he answered *jupe*, that would be incorrect and he/she would not earn a point.)

Step 2: Next, your partner says five articles of clothing. You must respond with a place where one might wear each item.

Modèle: Partner: *cravate*
You: formal dinner

(You earn a point. The winner is the player with more points.)

Complète les dialogues. (Complete the dialogues by selecting the correct words from the word box. One word in each dialogue will not be used.)
